

De politicus van het jaar 2004

In opdracht van het Radio1 Journaal is een onderzoek gedaan naar de politicus van het jaar 2004. Naast een verkiezing door de parlementaire pers is er uitgebreid onderzoek gedaan naar het oordeel over de belangrijkste landelijke politici.

Per vraag kregen de ondervraagden een grote lijst van politici voorgelegd. Ze mochten steeds maximaal 3 kiezen. In dit overzicht zijn alleen de politici opgenomen die op een van de 12 kenmerken waarover we vroegen een score haalden van 5% of hoger. De overzichten zijn gemaakt naar zowel de huidige politieke voorkeur als het stemdrag bij de Tweede Kamerverkiezingen van 2003.
